

If you are doing residential or commercial projects in **Wise County Unincorporated** and need a third-party company to perform building plan reviews or building inspections for your project, you are in the right place.

Please note: Our permitting process is 100% digital.

Start Your Application

Click the link below to begin the permitting process:

👉 www.vertexplans.com/permit

You will need to create an account, and your account must be approved by Aoka before you can submit your project. Once your account is approved, you may submit your project and make the required payment. Aoka will begin work after the payment has been received.

Training Videos
